Celebrate the Season With a gift to the Environment

Dear Friends:

November 30, 2009

It has been an amazing year with accomplishments we could not have achieved without your support. The Fayette County Earth Day Festival, Eastern Box Turtle Program with Georgia Military College, river clean-up events with Rivers Alive, and dedication of the Fairburn Nature Preserve have helped establish our institute and build the foundation for our important work yet to come.

As we prepare for our upcoming environmental education activities in 2010, we must ask for your financial support to achieve these important goals. Your support will help us:

- Sponsor environmental education programs for children of all ages
- Create a serenity garden and walking path at the Fairburn Nature Preserve
- Host an educational seminar in Fairburn on the health effects of toxic mold and its remediation due to the recent floods in Georgia

I am writing to ask you for a special year-end gift of \$75 or more to help us achieve these goals so that we may continue our work to help Georgians become responsible stewards of the Earth.

We wish you a wonderful and safe holiday and a happy New Year.

Sincerely,

A handwritten signature in black ink that reads "Connie B Thomas".

Connie (Biemiller) Thomas, Board Chair
